The following information for persons insured under collective insurance provides an overview of the identity of the *insurer* and the essential content of the insurance contract (Art. 3 Para. 3 of the Swiss Insurance Contract Act [“Bundesgesetz über den Versicherungsvertrag”] [hereinafter called: “VVG”]). The specific rights and obligations of the *insured persons* are derived from the Terms and Conditions of Insurance, any application forms or insurance confirmations, and from the applicable statutory provisions (ICA).

1. Contracting parties

Swisscard AECS GmbH, as *issuer* (hereinafter: “*issuer*”) of charge and credit *cards* (hereinafter called: “*card/s*”), has concluded a collective insurance policy with the below-specified *insurer* that grants the *insured persons* (see Fig. 2) entitlement to certain benefits for the *cards* specified in the insurance terms and conditions (see Fig. 3) relative to the *insurer*, but not relative to the *issuer*.

The *insurer* and consequently the bearer of risk for the below-specified cover is:

Allianz Assistance

AWP P&C S.A., Saint-Ouen (Paris), Wallisellen Branch (Switzerland), with registered domicile at Richtiplatz 1 in CH-8304 Wallisellen – (hereinafter called: “Allianz Assistance” or “the *insurer*”). The *insurer* may delegate tasks to service-provider third parties within the context of the rendering of its performances.

2. Insured persons

The *insured persons* are derived from the definition on page 3 of the Terms and Conditions of Insurance.

3. Insured risks, scope of insurance cover

The insured risks and the scope of insurance cover (including exclusions from insurance cover) as well as the individual insurance benefits are derived from the Terms and Conditions of Insurance, and particularly from the Table of Insurance Benefits (starting on page 5).

4. How is the premium calculated?

Premiums are owed to the *insurer* essentially by the *card issuer* as the Policyholder. In respect of the insurance policies included in the *cards*, the *card issuer* shall bear the insurance premium, unless otherwise agreed. If optional insurance benefits are offered for the *principal cardholder* that incur costs, then the premiums shall be expressly reported to the *principal cardholder* in advance within the context of admission to these insurance policies.

5. What are the duties and obligations of the insured persons?

The duties and obligations are listed in detail in the Terms and Conditions of Insurance as well as in the ICA. The following are material duties of the *insured persons*, for example:

- If a damage event occurs, this must be reported to the *insurer* without undue delay.
- The *insured persons* must cooperate in the investigations of the *insurer*, e.g. in the event of a claim, and must submit all necessary documentation (obligation to cooperate).
- In case of a claim, reasonable steps to reduce and resolve the damage must be taken (duty to reduce damage).
- The *principal cardholder* is obliged to inform the other *insured persons* where applicable (in particular the *additional cardholders*) about the main features of insurance cover and obligations incumbent on them when making claims for benefits, and also that the General Terms and Conditions of Insurance can be obtained at any time from Swisscard AECS GmbH, Neugasse 18, CH-8810 Horgen, or called up on the Internet under www.swisscard.ch

6. Duration of the insurance cover

The insurance cover shall normally be in force as long as the *card* relationship is effective. Special provisions on the term of insurance cover (depending on covered risk) can be found in the Terms and Conditions of Insurance.

7. Amending the scope of cover / the Terms and Conditions of Insurance

The *insurer* and the *issuer* may amend the Terms and Conditions of Insurance (incl. insurance sums) in accordance with the provisions set out in the *GCI* (also see Fig. III *GC/8*).

8. Information on the processing of person-related data

The *insurer* processes data that result from the contract documentation or contract processing and use these data particularly for calculating the premium, for risk evaluation, for processing claims, for statistical analyses, and for marketing purposes. The data are collected, stored, and deleted personally or physically or electronically in accordance with legal regulations. The *insurer* can share data for processing to the necessary extent with third parties in Switzerland and *abroad*, in particular the *issuer*, with *co-issuers* and *reinsurers*, service providers as well as domestic and foreign companies belonging to the *insurer*. In addition, the *insurer* can obtain relevant information from official agencies and other third parties, particularly with regard to the claim event. The *insured person* has the right to demand from the *insurer* information provided for by law regarding the processing of data relating to the *insured person*.

I. Structure of the Conditions / Introduction / Definitions

I.) A Structure of the Conditions

The Terms and Conditions of Insurance are composed of the following sections:

- I. Structure of the Conditions/Introduction/Definitions
- II. Overview of the insurance benefits
- III. General Terms and Conditions of Insurance (*GCI*)

- V. Claims table

A definitive list of insurance benefits covered supplementary to the General Terms and Conditions of Insurance and the Special Conditions of Insurance is provided in the Table of Benefits. In the event of inconsistencies, the Table of Benefits, shall have precedence.

The General Terms and Conditions of Insurance are always applied if no other regulation is provided in the Special Conditions of Insurance. In the event of inconsistencies, the Special Conditions of Insurance shall be applicable.

Finally, the claims table lists the forms of evidence to be submitted when an *insured event* occurs. In the event of inconsistencies, it has precedence over the General and Special Conditions of Insurance.

III. General Terms and Conditions of Insurance (GC)

1 When does insurance cover commence and when does it terminate?

- 1.1 Insurance cover commences when the *cardholder* received the *card* and is granted to *insured persons* if the *card* relationship between the *cardholder* and the *issuer* exists in accordance with the General Terms and Conditions of the *issuer*. When claims are made, the *insurer* shall enquire of the *issuer* if such an arrangement exists.
- 1.2 Insurance cover for certain benefits may be subject to time limits. Please note the details set out in the SCI. In cases where insurance cover is subject to time limits, the day of arrival and the day of departure are each regarded as a single day.
- 1.3 The insurance cover shall end in every case at the end of the *card* relationship in accordance with the General Terms and Conditions of the *issuer*. For events that have already occurred at that time, insurance benefits will still be provided even if the resulting loss occurs after termination of the insurance cover.

2 In what circumstances will cover not apply, or only limited cover apply?

2.1 Similar claims

With the exception of the death and disability benefit under Transport Accident Insurance or other lump-sum insurance, the following applies: If the *insured person* is entitled to claim from another insurance contract (voluntary or obligatory private or social insurance), the cover provided by the *insurer* shall be limited to the portion of the insurance benefits that exceed those of the other insurance contract. In overall terms, costs shall be reimbursed only once.

2.2 Third-party benefits

If the *insurer* has provided benefits for a claim that was insured by another *insurer*, then these shall be treated as an *advance*. The *advance* shall be repaid by assigning the claims of the *insured person* against the other liable *insurer* to the *insurer*. The assignment shall be performed in place of the payment, and shall have the effect of discharging the obligations of the *insured person*.

2.3 Exclusions

Apart from the limits and exclusions listed in the SCI without exception no insurance cover is granted for losses:

- 2.3.1 that are intentionally caused by the *insured person*;
- 2.3.2 that the *insured person* causes by or during the wilful exercise of an offence or crime, or the wilful attempt to exercise an offence or crime;
- 2.3.3 arising through acts of war or civil war, whether war is openly declared or not;
Entitlement to benefits from Transport Accident Insurance exists, however, if the *insured person* is taken unaware by such acts of war or civil war while on a trip *abroad*.
Entitlement to benefits is cancelled at the end of the 14th day after war or civil war commences in the national territory of the state in which the *insured person* is staying. This extension is not valid for trips to or through states in whose territory war or civil war already prevailed. It also does not apply to active participation in war or civil war.
- 2.3.4 by nuclear energy;

2.3.5 that are directly or indirectly caused or caused in part by incidents with atomic, biological or chemical substances;

2.3.6 as a result of natural disasters, terrorist attacks or civil unrest. Civil unrest is defined as a significant share of the population gathering in a manner that disturbs public peace and order and committing acts of violence against persons or property.

2.3.7 Also excluded are costs that would have been incurred if the *insured event* had not occurred.

2.3.8 Embargo clause

The insurance cover shall lapse insofar and as soon as a payment by the *insurer* to the policyholder or the beneficiary is opposed by coercive measures applicable under the Federal Act on the Enforcement of International Sanctions (Embargo Act of 22.03.2002, SR 946.231).

Economic, trade or financial sanctions or embargoes imposed by the European Union or the United States of America are deemed equivalent to coercive measures under the Embargo Act, provided that European law is applicable in the individual case and no Swiss legal provision precludes such denial of benefits.

3 What is the correct response to an insured incident or to an insured event? (obligations)

The *insurer* cannot issue a benefit declaration and consequently cannot provide benefits without the cooperation of the *insured person*.

The following obligations are imposed upon the *insured person* (in the event of the death of the *insured person*, the persons who are entitled to the lump sum payable at death are treated as equivalent to the *insured person*):

3.1 General:

- 3.1.1 to endeavour to the best of his ability to avert and reduce the damage;
- 3.1.2 to inform the *insurer* without delay, comprehensively and truthfully, providing all details about any circumstance that may lead to benefits being owed by the *insurer*;
- 3.1.3 to submit to the *insurer* the documents listed in the claims table (part V) or to take steps to have these drawn up;
- 3.1.4 to permit the *insurer* to make reasonable enquiries to ascertain the cause and the scope of benefits payable;
- 3.1.5 to heed instructions issued by the *insurer*;
- 3.1.6 to authorize third parties (e.g. physicians, other *insurers*, insurance carriers and authorities) to give information required if necessary;
- 3.1.7 to inform the *insurer* about the existence of other insurance policies providing cover for an *insured event* and of any claims made on such policies and indemnities received and of any obligation to effect compensation resting on third parties;

3.2 Depending on the insured benefit in question:

- 3.2.1 to consult a physician immediately after any *accident* that in all probability will lead to benefits being payable;
- 3.2.2 to follow the physician's instructions;
- 3.2.3 to submit to examinations by physicians acting on behalf of the *insurer*;

- 3.2.4 to report cases of accidental death within 48 hours even if the *accident* has already been reported;
- 3.2.5 to furnish the *insurer* with the right to have an autopsy performed by a physician appointed by the *insurer*, where appropriate and necessary for the settlement of a claim, after an *accident* for which death benefit is claimed;
- 3.2.6 to report losses caused by crimes, fire or explosions without delay to the police at the competent police station and receive an authenticated copy of the report;
- 3.2.7 to report losses of luggage to the local police nearest to the place where the loss of luggage occurred within 24 hours after the loss is determined and to inform the travel company or hotel that was holding the luggage immediately and to have this notification confirmed in writing;
- 3.2.8 to take all measures necessary and reasonable to recover lost or stolen objects and to identify, apprehend and prosecute in the courts the guilty party(ies).

4 What are the consequences of non-observance of obligations?

If a breach of the obligations occurs after an *insured event*, the *insured person* shall lose the entitlement to the insurance benefit and the *insurer* shall be entitled to curtail or reject benefits, unless he did not breach the obligation either wilfully or through gross negligence.

In cases of gross or wilful negligence, the *insured person* shall retain his entitlement to the insurance benefit provided the breach of the obligations has neither influenced the determination of the *insured event* nor the assessment of the benefits due.

5 When does a claim for benefits expire?

The statutory limitation period of five years applies to claims arising out of the insurance contract. The period starts when the *insured event* occurs.

6 Which court is responsible?

- 6.1 The place of jurisdiction for disputes brought by the *insured person* or the legitimate claimant in conjunction with these insurance terms and conditions may be chosen as follows:
 - the registered domicile of the Swiss branch office of the *insurer*;
 - with jurisdiction at the residence or domicile of the *insured person* and/or legitimate claimant under civil law in Switzerland.
- 6.2 The place of jurisdiction for claims brought by the *insurer* is the *place of residence* of the *insured person* pursuant to civil law.
- 6.3 Mandatory place of jurisdiction provisions remain reserved in all cases.

7 How should the *insurer* be informed? What applies when a change of address occurs?

- 7.1 All notifications or declarations intended for the *insurer* must be made in writing (e.g. letter, fax, e-mail). They must be sent to the contact address of the *insurer* specified on page 7.
- 7.2 If neither the *insurer* nor the *issuer* have been notified of a change of address, then it shall be sufficient on their part to send any declaration of intent by registered letter to the last address known to the *insurer*.

The declaration becomes effective on the date it would have been delivered under normal conditions if the address had not been changed.

8 What applies in the event of amendments of the insurance terms and conditions?

Amendments of these terms and conditions and of the insurance sums may be agreed by the *insurer* and by the *issuer* (as the policyholder). These shall be reported to the *principal cardholder* in good time and in a suitable manner. They shall be deemed to have been approved by him, insofar as the *card* is not terminated before the amendment comes into force. No obligation to inform the *principal cardholders* shall exist in respect of amendments of the terms and conditions that do not have a detrimental effect on the insured parties.

9 Which legal system is applicable?

This contract is governed by Swiss law. The provisions of the Swiss Insurance Contract Act [Bundesgesetz über den Versicherungsvertrag – (“VVG”)] remain reserved, insofar as its mandatory regulations have not been amended in these *GCI*.

10 Ombudsman for private insurance and Suva

The ombudsman for private insurance and Suva is available to *insured persons* as a neutral arbitrator. The ombudsman is only competent to advise and mediate and can therefore make no decision in litigation. This is reserved for the law courts.

The *insurer* shall be entitled to process essential data from third parties involved in cases (e.g. the *issuer*) as are necessary to administer the contract and process claims. The *insurer* shall also be authorised to procure all pertinent information necessary from such third parties and to inspect official files as required to administer the contract and to process claims.

The *insurer* shall undertake to treat all such information confidentially. Data will be stored physically and/or electronically.

If required, data shall be passed on to third parties, namely to *co-insurers* or *reinsurers* and to other involved *insurers*, to service providers, the *issuer* as well

as the *insurers* in Switzerland and *abroad*. In addition, information may be passed on to other liable third parties and their liability *insurers* to assist in the enforcement of claims for recourse.

The *insurer* is authorised to inform third parties (specifically the responsible authorities, official agencies and the *issuer*), to whom insurance was confirmed of the suspension, alteration or cessation of the insurance, and of the refusal to pay a claim.

IV. Special Conditions of Insurance (SC)

IV.) A Transport Accident Insurance

1 What is insured and when does cover apply?

1.1 Scope of the insurance cover

Insured persons shall be covered for *accidents* that occur while using *public transport* (incl. alighting and disembarking) in accordance with the following provisions, insofar as at least 50% of the cost of the utilised *public transport* was paid before the commencement of the journey with the *card*.

Insurance cover exists for the purpose of starting or ending a journey paid with the *card* as a passenger in *public transport* on a direct and uninterrupted route to and from an airport, seaport or railway station, irrespective of whether the use of this *public transport* was paid for with this *card*.

2 What benefit types are provided?

2.1 Disability benefits

2.1.1 Conditions of eligibility for the benefit:

If, as the result of an *accident*, a probable irreversible disability (permanent impairment of physical or mental capacity) occurs within 5 years. If, as a result of injury sustained in the *accident*, the *insured person* dies within one year of the date of the *accident*, there shall be no entitlement to disability benefits. In such event, the death benefit described in Fig. A 2.2 shall apply.

2.1.2 Nature and level of benefit:

Disability benefit shall be paid out as a capital sum. The benefit shall be calculated on the basis of the *insured sums* as indicated in the table of benefits and the degree of disability caused by the *accident*.

The following degrees of disability shall apply exclusively in the event of the loss or total functional impairment of the parts of the body or sensory organs indicated below:

• Arm	70%
• Arm to above the elbow joint	65%
• Arm to below the elbow joint	60%
• Hand	55%
• Thumb	20%
• Index finger	10%
• Other finger	5%
• Leg	
–above the middle of the upper leg	70%
–to the middle of the upper leg	60%
–to below the knee	50%
–to the middle of the lower leg	45%
• Foot	40%
• Big toe	5%
• Other toes	2%
• Eye	50%
• Hearing in one ear	30%
• Sense of smell	10%
• Sense of taste	5%

In the event of partial loss or partial impairment, the corresponding portion of the respective

aforementioned percentage shall be applicable. For any other parts of the body or sensory organs, the degree of disability shall be measured by the extent of overall impairment to normal physical or mental functioning. Such calculation shall be based solely on medical factors; no account shall be taken of the *insured person's* earning capacity (occupation or business activity) or any actual reduction in income.

If physical or sensory organs or their functions were already wholly or partially lost or impaired, or if they were already incapable of movement or function before the *accident*, then when determining the degree of disability (and not when calculating the disability capital) the already existing degree of disability determined in accordance with the above principles shall be deducted.

If the *accident* results in the impairment of several physical or sensory functions, the degrees of disability calculated in accordance with the foregoing provisions shall be added together. More than 100 percent is not considered, however.

The degree of disability shall initially be assessed on the basis of any condition of the *insured person* deemed likely to be permanent, but within five years of the *accident* at the latest.

If the death of the *insured person* occurs within one year of the *accident* for a reason unrelated to the *accident*, or more than one year of the *accident* irrespective of the cause, and if an entitlement to disability benefit that had been established, the *insurer* shall provide the benefit in accordance with the degree of disability that would have been expected on the basis of the medical diagnosis.

2.1.3 Rendering the disability benefit

- The *insurer* shall assume payment of the medical fees incurred by the *insured person* on which basis a claim is made only if the *insurer* has requested the medical examination.
- Once it is established in principle that disability benefits are payable, the *insurer* shall at the request of the *insured person* make reasonable *advances*.
- Both the *insured person* and the *insurer* shall be entitled to have the degree of disability determined by a physician annually, however, not later than five years after the *accident*.
- This entitlement must be exercised by the *insurer* together with his declaration of his obligation to provide the benefit, and by the *insured person* at the latest three months before the expiry of the deadline.
- Disability benefits shall be paid out as soon as the degree of permanent disability has definitively been medically determined, at the latest 5 ½ years after the day on which the *accident* occurred.
- If the *insurer* recognises the claim or comes to an agreement with the *insured person* about the basis for payments and the amount to be paid, benefits shall be paid within two weeks if this is permitted by the local regulations of the country of residence.
- This obligation is regarded as having been fulfilled on the date the *insurer* transfers the sum involved.
- If official enquiries or criminal proceedings have been initiated against the *insured person* in connection with an *insured event*, the *insurer* can postpone

payment until a final decision is made in these proceedings.

- The statutory limitation period (Section 5 *GCI*) shall be suspended from the opening of the official or criminal investigation until its final and binding conclusion.
- The *insurer* shall pay benefits directly to the *insured person* or, in case of death, to the heirs.

2.2 Death benefits

If the *insured person* dies within one year as a result of the *accident*, the *insured sum* shown in the table of benefits shall be paid.

2.3 Cumulated maximum compensation

If several *insured persons* are injured or killed by one and the same *accident* incident, then in the case of disability benefits pursuant to Fig. A 2.1 the cumulated maximum compensation of CHF 24,000,000 and in the case of death benefits pursuant to Fig. A 2.2 of CHF 12,000,000 as the collective maximum insurance sum for all *cards* issued by the *issuer*. The insurance sums agreed for the individual persons shall be reduced to the same extent, i.e. the insurance sum to be paid out per *insured person* shall be multiplied by the factor resulting from the division of the aforementioned cumulated total compensation by the total insurance sum of all persons who suffered the *accident*.

2.4 What is the effect of illness or infirmity?

The *insurer* shall pay out benefits only in respect of the consequences of an *accident*. If any illness or infirmity has contributed to the injury caused by the *accident* or the effects thereof, the benefits payable shall be reduced in proportion to the contributing factor of such illness or infirmity. However, no deduction shall be made where the contributing factor is less than 25 per cent.

3 In what circumstances will cover not apply?

In addition to the exclusions pursuant to Fig. 2.3 *GCI*, insurance cover shall not be provided for:

- 3.1. *accidents* suffered by the *insured person* as a result of mental disorders or impairment of consciousness (including disorders or impairments caused by ingesting drugs, medicines or alcohol) and by strokes, epileptic fits or other types of fit or convulsion seizing the *insured person's* whole body.
However, insurance cover shall apply:
 - to disorders or fits caused by an *accident* covered by this policy;
 - to *accidents* caused by impairment of consciousness due to drunkenness; but where the *accident* occurred behind the steering wheel of a motor vehicle, cover shall only apply if the blood/alcohol concentration at the time of the *accident* was below the alcohol level defined as legal in the jurisdiction in which the *accident* occurred.
- 3.2. Accidents suffered by the insured person:
 - as the pilot of an aircraft (including sports aircraft), for which a pilot's license is required under Swiss law, or as any other crew member of an aircraft;
 - while using spacecraft;
 - as the driver or crew member of a means of *public transport*.
- 3.3. Injuries or health impairment caused to/by:
 - Vertebral discs as well as bleeding from internal organs and cerebral haemorrhaging; however, insurance cover shall continue to apply if an *accident*

event covered under this Transport Accident Insurance, as defined in Fig. A 1.1, is the predominant cause.

- Ionising radiation;
 - Infections; these are excluded even if they were caused by insect stings or bites or by other minor skin or mucous membrane injuries, through which pathogens passed into the body immediately or subsequently. The following are excluded: Rabies and tetanus as well as infections where the pathogen passes into the body through *accident* injuries.
- 3.4. Poisoning caused by the oral consumption of solid or liquid substances.
 - 3.5. Pathological disorders resulting from psychological reactions, even if these were caused by an *accident*.
 - 3.6. Abdominal or lower abdominal ruptures; however, cover shall continue to apply where these are caused by a violent act and external influence falling within the scope of this Transport Accident Insurance.

IV.) B Foreign travel medical expenses

1 What is covered when and where?

Insurance cover is provided for unforeseen costs that the *insured person* incurs as a consequence of an acute illness (including the diagnosis of an epidemic or a pandemic disease) or *accident* that occurs during an *insured trip abroad*.

2 What preconditions apply if benefits are provided?

The provision of assistance services and the reimbursement of the associated financial outlay are subject to the *insured person* or a person appointed by him having contacted the *insurer* as soon as the *insured event* occurred, or as soon as they were physically able to do so, in order to coordinate the next steps and approve any costs in advance.

3 What benefits and services are available?

The *insurer* provides the benefits as a supplementary insurance to the statutory social insurances in Switzerland (health insurance, accident insurance, etc.) and to any supplementary insurances for emergency hospitalization and emergency outpatient treatment costs that these do not fully cover.

The following benefits shall be rendered up to the limit specified in the table of insurance benefits:

3.1 Cost of medical treatment

Medical expenses in connection with treatments conducted by a recognized medical professional which serve to treat or alleviate an acute illness or serious injury on an emergency basis, and expenses incurred for pain-relieving dental treatment are reimbursed.

3.2 Hospitalisation

In the event of hospitalisation: Guaranteed assumption of hospital costs.

3.3 Single patient visit

Organisation of trip by a close relative of the *insured person* to the hospital where the *insured person* is staying and back, as well as assumption of the driving or flight costs for this person to the hospital and back, provided the *insured person* is hospitalised for a period of more than seven days. The cost of accommodation (midpriced hotel) and sustenance (excluding alcoholic drinks) shall be covered for up to 10 nights.

This benefit is payable once only per *insured event* up to the *insured sum*, even if the *insured person* is admitted to a hospital on several occasions.

3.4 Benefit limitation and benefit exclusion

If there is no Swiss health and/or accident insurance coverage, the *insurer* will reimburse 50% of the difference between the documented total costs of hospitalization and outpatient treatment and the cost coverage by the mandatory part of a Swiss health and/or accident insurance coverage (up to a maximum of the sum insured). Benefits will only be provided if the costs are incurred as a result of illness and accident. Further benefits will not be provided in such a case.

4 In what circumstances will cover not apply? (exclusions)

In addition to the exclusions pursuant to Fig. 2.3 *GCI*, insurance cover shall not be provided for:

- 4.8 for loss and/or damage that occurs while the *insured person* is engaged in an extreme sport. Extreme sport means sports that the *insured person* undertakes as a wager within the meaning of the Swiss Accident Prevention Act [Bundesgesetz über die Unfallversicherung (“UVG”)], i.e. performs acts that expose the *insured person* to a particularly large risk, without taking or being able to take safety precautions that limit the risk to a reasonable level. Extreme sport within the meaning of these *GCI* also includes skiing and snowboarding trips outside regular pistes without a professional guide (mountain guide, skiing instructor);

- 4.15 for detoxification measures, including withdrawal measures;
- 4.16 for pregnancy checks and treatment during pregnancy, childbirth, and abortions, insofar as the aforementioned were not necessary as a result of a sudden and acute deterioration in the health of the mother or the unborn child;

3.2 Repatriation using normal means of transport

Organization and payment for the repatriation of the *insured person* after medical treatment, provided that the senior medical office of the *insurer* deems that the *insured person* is fit to travel and that the *insured person* is unable to travel home via the original means of travel because the original date of travel has elapsed and from a medical point of view he/she was not able to travel at that time.

3.3 Repatriation of children

The precondition is that the *insured person* is affected by one of the unforeseen events specified below:

1.1 Cancellation or curtailment of travel due to:
